Press Release

Chesapeake Wins Competitive Bid to Equip Harford Community College with Mitel Solutions

MILLERSVILLE, MD – 1/3/2008 – Chesapeake Telephone Systems (CTS), a leading provider of business communications solutions in the Baltimore - Washington region, has announced that it has been selected by Harford Community College to provide a comprehensive suite of Mitel solutions for its campus in Bel Air and Higher Education Center in Aberdeen.

"After undergoing a thorough competitive review process, we are pleased to have been selected by Harford Community College as their technology partner," noted Jeff Nolte, President of CTS. "Working with Mitel, our team can ensure that Harford gets the tools they need to improve operational efficiency and staff productivity to keep pace with today's increasing demand for education services.

"Our customers appreciate the ease of use of Mitel's technology and the ability to effortlessly upgrade Mitel solutions," Nolte said. "We are thrilled with the improvements in communication advances we can bring to Harford, which will benefit all their operations at a reduced cost. We have a solid record for delivering timely response and welcome the opportunity to further demonstrate our commitment to customer service with the addition of Harford Community College."

About Chesapeake Telephone Systems
