Press Release

Chesapeake Recognized by Mitel Networks with Top Mid-Atlantic Dealer Award

MILLERSVILLE, MD – 1/12/2007 – Chesapeake Telephone Systems (CTS), a leading provider of business communications solutions in the Baltimore -Washington region, has announced that it has been recognized by Mitel Networks as their top dealer in the Mid-Atlantic Region.

"Mitel is a world-class manufacturer of IP communications products," noted Jeff Nolte, President of CTS, adding, "We are proud to represent their award-winning business solutions." Together, Mitel and CTS enable customers to leverage their IP networks to converge their voice and data business applications. The economies and efficiencies gained improve operations and lower the costs of businesses and government agencies.

"Our customers appreciate the value that comes with our strong Mitel relationship," Nolte said. "We attribute much of our success to the innovative technology that Mitel delivers to the marketplace – our customers respond well to their IP Telephony solutions because they are flexible, sophisticated, and simple to use. From initial planning and implementation, through the life cycle of every system we support, we want to keep our customers well connected. We're happy because Mitel's technology makes it easy."

About Chesapeake Telephone Systems

Headquartered in Millersville MD, Chesapeake Telephone Systems has been meeting the communications needs of business and government customers in the Mid Atlantic region since 1984. The company's certified technical staff has earned the respect of the industry and supports over 4,000 customers.
